○ WHO WE ARE

MISSION

To increase the number of globally competent high school graduates from central Ohio high schools.

FOUNDED ON PARTNERSHIP

The true strength and power of the GlobalEd Network come from the vibrant partnership among participating school districts, the Columbus Council on World Affairs, the Educational Service Center of Central Ohio, and a variety of both community organizations and engaged corporations. The Columbus Council on World Affairs has led the administrative management of the Network, with assistance from the ESC, since its founding in 2012.

 @COLWORLDAFFAIRS

If your district or school is ready to explore the The Global Scholars Diploma™, please contact Kevin Draper at kdraper@columbusworldaffairs.org.

CONVENE THE GLOBALED NETWORK

In addition to championing the The Global Scholars Diploma™, the Council on World Affairs and the ESC of Central Ohio convene the GlobalEd Network. The Network advances the following goals:

- Convene the region's brightest leaders and effective educators

2015

2014

2013

2012

- Identify and share best practices and resources in global education

[Learn More](#)

- Recognize and honor world class educators

Summary of Pilot Year

- **Two schools**
 - **Columbus North International School**
 - **Granville**
- **37 Scholars**
- **Four group events**
- **School requirements**
- **Independent activities**

Lessons Learned

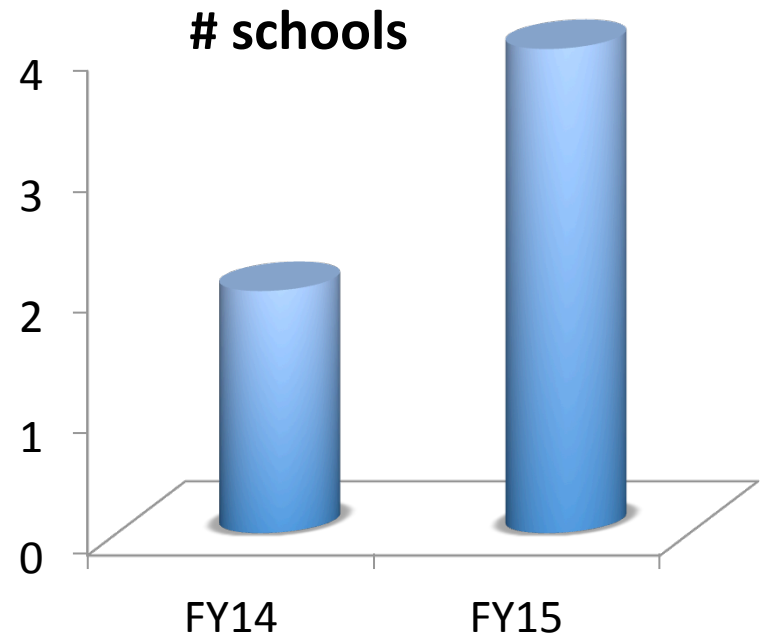

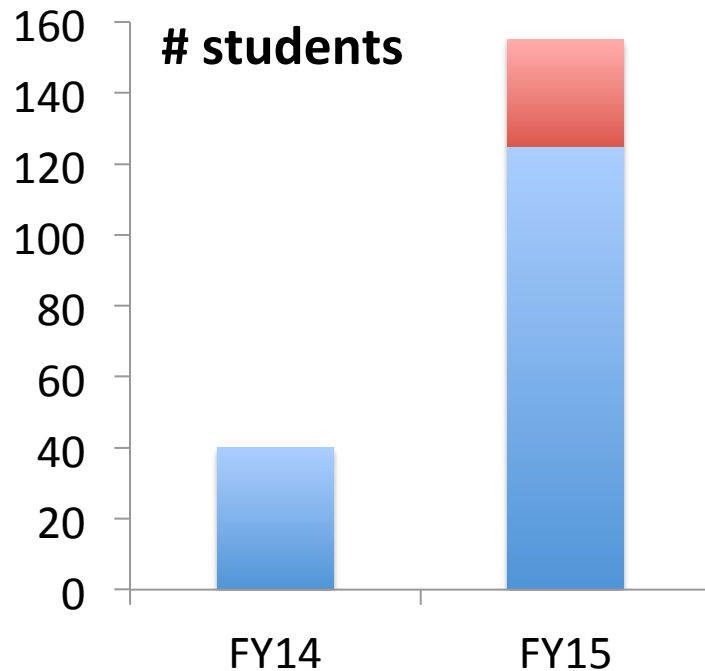

- **Interaction with other students and experts was highly valued.**
- **A system was needed for independent work.**
- **Level two students need to delve more deeply into issues.**

Granville High School

Global Scholars Program Overview

In a world where the boundaries between cultures and countries are becoming a relic of the past, it is imperative that we educate students in a manner that will allow them to compete and collaborate globally. The **Global Scholars Diploma** credential is designed to acknowledge students who demonstrate global competencies above and beyond the curriculum requirements at Granville High School. Students who earn this credential will create a portfolio for presentation of these competencies at the end of their senior year at GHS. The four categories of competencies that will be assessed are: ***investigating the world, recognizing perspectives, communicating ideas and taking action.*** Students will have opportunities and requirements for this credential that are in the community, school-based, and self-directed. The capstone piece to the portfolio is an action research or service learning project and presentation to the GlobalEd Network Committee, sponsor of the Global Scholars Diploma. The GlobalEd Network is a function of the Columbus Council on World Affairs (CCWA).

Global Scholars Diploma Requirements

All of the items listed below are mandatory unless otherwise noted

Year 1 & 2 Badges from the GlobalEd Network: Badges are point based and required for each year in the program. 0.5 elective credits will be awarded for each badge, and a badge is required to move on in the program. Year 3 is only required if this program is started as a freshman. Cross-cultural and career experiences and field trips organized by the GlobalEd Network and self-directed activities are the foundation of the badging benchmarks.

Levels and Badges

- **Students in each level will be accumulating points through their independent activities and attendance at events.**
- **They will earn a badge in each domain to progress to the next level.**
- **Students will document their work in Blue Quill, an on-line system provided by Franklin University.**
